

## 2015 OneTonZin Zinfandel

Located across the road from our Olivet Grange Vineyard, the historic Papera Ranch has 13.7 acres of old-vine Zinfandel and field blend vines. Charley Papera first planted the vineyard in 1934, a year after prohibition ended. Many of the existing Zinfandel vines are from this initial planting. Stuart Coulson saved the old vines from Pinot Noir replanting fever, and tends to them to this day. Due to their deep roots, the vines are primarily dry farmed, producing intense flavors. This bright, food-friendly wine is a Zinfandel for Pinot Noir drinkers.
