

2022 Chardonnay

This lovely vineyard in the Laguna Ridge neighborhood of Sonoma County's Russian River Valley has soils that remind one of a moonscape. It has some of the whitest soil in the region; it is very sandy, broken down Goldridge soil. The clones are Mt Eden 28, Robert Young, clone 17 and a French clone 96.

The decision came as a result of Kathleen's preference for the leaner more elegant Chardonnays of Chablis and Meursault, and a personal challenge from her husband to see if she could create a Russian River Valley wine with bright acidity, little or no tropical fruit flavors, and a creamy texture from malolactic fermentation without the cloying butteriness so often found in 100% MLF Chardonnays.
